Installation

Post centres: 2200mm
Clamp bar and screws

Pro-sure is our most secure fence, offering maximum security with minimal visual impact. Its small apertures makes it almost impossible to climb. Posts are designed with additional fixing holes to accommodate stepping of panels to suit uneven ground.

Key Features

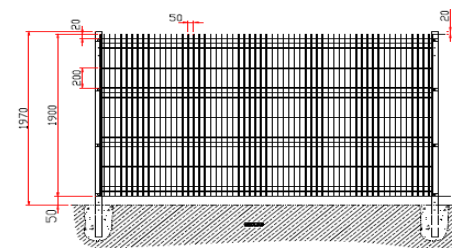

- Pro-sure offers a ultimate secure fence, used in prisons and airports.
- 12.7mm x 76.2mm mesh aperture makes it virtually impossible to climb.
- Panels secured to 60mm x 60mm posts with a steel clamp bar and tamperproof screws
- Available in green RAL6005 in heights of 2.4m from stock, other heights are available.
- Other colours available on request.

Procter's manufacture high quality hinged or sliding gates to complement our range of mesh panel fencing. Gates can be manufactured to any size from 0.9m wide up to 12m
