Key Features

- A robust mesh panel and post system combining security with aesthetic appeal
- A twin wired system 6mm horizontal and 5mm vertical wires, ideal for sports grounds
- Panels secured to 60mm x 60mm posts with a steel clip and a tamperproof screw
- Available in green RAL6005 in heights of 2.0m and 2.4m
- Other colours available on request

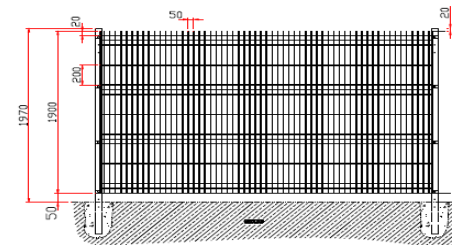

A double wired mesh panel system making a more secure fence. More wires more time to break through. Panels fitted securely with a steel clip and tamperproof screw. Posts are designed with additional fixing holes to accommodate stepping of panel to suit uneven ground.

Procter's manufacture high quality hinged or sliding gates to complement our range of mesh panel fencing. Gates can be manufactured to any size from 0.9m wide up to 12m

Technical drawings are available
