

## Pro-play mesh panel system

**ppm**

### Mesh

Wire: 5mm horizontal, 5mm vertical  
Aperture: 150 x 50mm  
Width: 3000mm  
Height: 900 / 1800mm  
Finish: Galvanised & PPC green

### Posts

Dimensions: 60 x 60mm  
Lengths: 1500 / 2500mm  
Finish: Galvanised & PPC green

### Fixings

60mm x 30mm steel clip  
M8 x 40mm Tamper proof screw

### Installation

Post centres: 3025mm

The panels have a unique and "user friendly" closed beam section located along the top and bottom edge of the panel. With no sharp or raw edges, Pro play panels are suitable where safety is a consideration.

Procter's manufacture high quality hinged or sliding gates to complement our range of mesh panel fencing. Gates can be manufactured to any size from 0.9m wide up to 12m

### Key Features

- High rigidity - The rolled beam profile at the top and bottom edge of each panel results in maximum rigidity.
- Suitable where safety is a consideration - The principle feature of the panel is the unique rolled beam section at the top and bottom edge make Pro play ideal for playgrounds, play areas and parks.
- Wide range of options and applications - Available as a complete system in a wide range of colour options for boundary demarcation to general security.
- Panels secured to 60mm x 60mm posts with a steel clip and a tamperproof screw
- Available in green RAL6005 in heights of 0.9m and 1.8m
- Other colours available on request

Height	Width	Mesh Size	Panel Weight	Post Length	Post Weight	Post Centres	No of Clips per Post
0.9m	3.00m	150mm x 50mm	18kg	1.5m	6.06kg	3.025	3
1.2m	3.00m	150mm x 50mm	22kg	1.8m	7.27kg	3.025	4
1.5m	3.00m	150mm x 50mm	26kg	2.1m	8.48kg	3.025	4
1.8m	3.00m	150mm x 50mm	30kg	2.5m	10.10kg	3.025	5
